EXHIBIT A-2
STATEMENT OF WORK (SOW)
For the Period of July 1, 2021- June 30, 2022

UW Medicine shall provide or arrange for the provision of the services and staff, and otherwise do all things necessary for or incidental to the performance of work, as set forth below:

- 1) Beginning October 10, 2016, maintain and operate the Pain Hotline, which is a telephonic and electronic based medical management consultation program primarily related to pain medication management.
 - a. **Goal:** Medical providers need to be able to access clinical expertise and consultation when treating patients with complex pain medication regimens, especially involving high dose opioids, high risk drug combinations, and opioid conversions and transitions.
 - b. **Principles:** The Pain Hotline program will provide:
 - i. A telephone consultation line, available Monday through Friday, 8 am to 4:30 pm, providing individualized case consultation for clinicians, staffed by a pain trained pharmacist, and/or a physician pain specialist if needed.
 - ii. **UW will require intake information, including:**
 1. Patient demographics
 2. Medicaid status
 3. Pertinent medical history
 4. Current medications
 5. PMP record
 6. Clinical scenario / question
 - iii. **Pain Hotline consultations may include:**
 1. Recommendation and optimization of opioid conversions and transitions, with a focus on patient safety
 2. Interpretation of Washington State Prescription Monitoring Program record to provide guidance to primary care providers on urgent dosing;
 3. Generation of opioid taper or patient-appropriate plans;
 4. Systemic management of withdrawal syndrome;
 5. Evaluation and recommendations for non-opioid/adjuvant analgesic treatment;
 6. Risk evaluation screenings and triaging complex behavioral situations around pain medications ;
 7. Providing resources for support of evaluation of Substance Use Disorders;
 8. Provision of education/review of Agency Medical Directors' (AMDG) Interagency Guideline on Prescribing Opioid for Pain and Center for Disease Control (CDC) opioid guidelines;
 9. Individualized case consultation for client care and medication management; and
 10. As appropriate, provide input/content and connect providers to UW TelePain, which is described in detail below.
 - iv. UW will submit a monthly report that will include counts of:
 1. Calls about Washington Apple Health (Medicaid) clients;
 2. Calls about non-Apple Health clients or non-patient specific;
 3. Calls by provider type;
 4. Total unique providers using the Pain Hotline;
 5. Total number of calls;
 6. Total count of clients served;
 7. Total count of providers.
 - v. UW will meet with HCA on a quarterly basis to discuss:
 1. Progress on growing the volume of calls to the Pain Hotline;
 2. Marketing efforts to grow the volume of calls;
 3. Targets for volume of calls.
 - vi. Call volume target:
 1. The Pain Hotline will complete 30 case consults per month by end of December 2021.
 2. Future targets will be discussed and established at the quarterly meetings with HCA.
